Dear Friends,

Happy New Year! I hope everyone enjoyed the holidays and this unseasonably warm weather that we are having. New Year makes us reflect back on the past and look forward to things to come. I am hoping you take advantage of our new activities as we push forward to start on a healthier active new year. Let’s get moving and play some bean bag baseball, pickleball or come take a class to get you motivated. With winter weather coming we will spend more time indoors so do something fun, make some new friends and just take that first step to living life to its fullest. Some new big trips are coming soon. For now head to Napa with MaryGail, see the sights of Italy or stay state side with Carrie. Book early to get a spot, you will feel better having something to look forward too. Life is short, days are long, let's start making memories together with our old and new friends.

~Love, Carrie

She was a girl from Boston with a voice from heaven, who shot through the stars from gospel choir to dance floor diva. But what the world didn't know was how Donna Summer risked it all to break through barriers, becoming the icon of an era and the inspiration for every music diva who followed. With a score featuring more than 20 of Summers classic hits including ,"Love to Love You Baby," "Bad Girls" and "Hot Stuff," this electric experience is a moving tribute to the voice of a generation.

_The story of a legend_

Donna Summer didn't just sing disco; she grew up as a gospel choir singer, but also sang in a rock band, and spent a year in Germany as a member of the cast of Hair, before joining the Viennese Folk Opera. She found fame a few years after settling in Munich and meeting producing and songwriting team Giorgio Moroder and Pete Bellotte. The result saw them create The Hostage and her first album, Lady of the Night. In 1975 they recorded Love to Love You Baby, which became a huge hit in Europe and topped the Billboard club chart.

Williams first day at his new daycare.

Brantley Foster, a young ambitious midwesterner, moves to New York City to start his dream job at a major corporation, only to be laid off on the very first day. In his relentless enthusiasm to succeed, Brantley finds himself tangled up in a sidesplitting scheme in which he assumes the identity of a rising executive named Carlton Whitfield.

As he climbs the corporate ladder, tirelessly concealing his identity, Brantley soon falls in love with a beautiful colleague named Christy and discovers that his definition of success might be all wrong. Will he get the job, win at love or just get caught?

Adapted from the smash 1987 Michael J. Fox movie that stayed at the top of the box office for 5 consecutive weeks, *The Secret of My Success* is a wild look at corporate culture, ambition and making your own way in life, all told with an outstanding score by Chicago favorites Mahler and Schmuckler, big production numbers and a look that will have you laughing all the way home. Be the first to see AND hear it.

Carrie’s Corner, or should I say “William’s” Corner:

Dear Friends,
I can’t thank you enough for all your positive thoughts for my family. My father is doing so much better and hopefully he will be coming home a new man! Rehab has given him back strength and mobility which he has not seen in a very long time. He still has a ways to go, but is doing much better. This is a great example of “A Body in Motion Stays in Motion”. Come travel, play and learn something every day so you can enjoy a healthy and active New Year.
William is growing so fast, and now that he doesn’t live with me I see it even more. Don’t get me wrong, I miss him big time, but being an empty nester has its advantages. All my kids were home for Christmas. Full house for sure. I can’t wait to tell you all my tales when I see you next.~Carrie

Pickle-Ball, a game that combines elements of tennis, badminton, and ping pong, is sweeping the country. Pickle-Ball players use wooden paddles and whiffle balls to play on a badminton-sized court with a slightly modified tennis net. This low-impact sport is easier on the knees and shoulders than tennis as it does not involve much running and strength.
