Friendly Refund Policy

Burr Ridge Park District strives to ensure participants' quality leisure experiences. Your satisfaction is our number one priority and we would greatly appreciate hearing from you if your programming experience does not meet your expectations. In the event that your expectations are not met and we are not able to resolve the issues to your satisfaction, the following steps will be implemented to issue a refund to you.

Refund Steps

A \$3.00 service charge will be instituted for all refunds. Refunds will not be granted after the mid-way point of the program or after a single meeting (i.e. special event) program is completed.

Medical situations may be granted as an exception to this policy. If at any point in time you are unable to continue in a program due to a medical situation, you will receive a prorated refund if you follow the above steps and include a doctor's note identifying the medical condition and the date the condition occurred.

Due to the nature of the program, certain activities may be exempt from this refund policy. Refunds for programs conducted by contractors are given at the discretion of the contractor.

Participants who withdraw from a trip may receive a refund or a partial refund. This determination will be made based upon the unique arrangements for that particular trip. When Can I Reserve A Park?

The Park District will consider applications to utilize eligible park facilities for the Spring, Summer, and Fall after March 15 of the calendar year.

Park and Athletic Field Usage

Burr Ridge Park District athletic fields and parks are available 365 days per year for general public usage when such facilities are not scheduled for District programs or authorized rental usages. Any group or individuals desiring exclusive use of a park site/facility can obtain a usage policy and application from the park District which contains all information regarding available facilities, rules and regulations, and fee schedules. Availability will be determined after seasonal programming needs have been met. For more information, contact us at 630-920-1969 or visit our website at www.brpparks.org.

When Must a permit Be issued?

Small groups or individuals that do not require any special accommodations generally do not need a permit to visit the park and their access to the desired park facility is subject to availability at the time of the visit. **Any group in excess of 15 people is required to obtain a permit.** Groups of 15 people or more will be ejected from the park or facility without an authorized permit. Organized athletic or other high risk activities, activities utilizing rented or contractual services from private businesses, activities involving alcohol are

a few of the other activities requiring an authorized permit, although an authorized rental will receive exclusive usage of a facility during the approved time, at no time is the renter allowed to exclude members of the general public from utilizing the park's other non-rented facilities during the time of their permit. Block parties and rental inquiries regarding non-listed outdoor facilities will be considered on a case by case basis.

Outdoor Picnic Shelter Rentals

The Park District will make available for rental picnic shelters at the Harvester park Wetlands and Oak Grove Park. Both of these shelters have a capacity of 50 people. Again, all group gatherings of greater than 25 people will require an approved permit. Contact the Park District for complete rules, regulations, fee schedules, and usage applications.

Park Development News

Harvester Park Splash Pad / Water Features

Reminder that the splash pad will be closed for the season on September 9th. The interactive creek will remain operational until October.

Harvester Park East Parking Lot

At the time of publication or shortly thereafter the east parking lot is scheduled for asphalt demolition and resurfacing. This will better serve visitors to the Park and Community Center.

Ice Skating at Harvester Park

In addition to maintaining the large outdoor surface at Palisades Park, the Park District is planning on re-engineering the sand volleyball court at the Park to allow it to be flooded in the winter. This skating area will be a hockey stick free zone and will be ideal for small and novice skaters and caretakers. Hopefully with a "good" winter, there will be Harvester Park skating in December!

Capital Improvement Projects 2020

The Park District will highlight several small scale improvement projects at various park sites in the summer 2020 brochure. Additionally, the current status of the 2018 master plan will be studied in 2020 to assess the potential of plan expansion and new creative projects that the district has become known for. For further information on what is contained in the 2018 - 2028 capital development plan, please visit our website.
